CITY OF KOTZEBUE

COVID-19 EMERGENCY REGULATION NO. 9

(Face Covering Administrative Citations/Fines/Penalties)

The City of Kotzebue has issued a new revised Face Mask Mandate Emergency Regulation No. 8, effective November 6, 2021. This revised Face Mask Mandate in Emergency Regulation No. 8 is necessary to prevent and contain the spread of the COVID-19 and the Delta variant in the City of Kotzebue and the surrounding NANA Region. Failure to do so would allow the pandemic to continue to spread with a vengeance and overwhelm the Health Care Facilities in Kotzebue and the NANA Region. Therefore, individuals who do not comply with the new, revised Face Mask Mandate in Emergency Regulation No. 8 will be, initially, warned to comply and then issued a citation with the attendant fine for subsequent violations.

The purpose of the new, revised Face Mask Mandate in Emergency Regulation No. 8 is to require the public in limited situations to wear face masks to prevent and contain the spread of the pandemic. However, individuals refusing to comply after an initial warning may be issued a citation with a commensurate fine in order to protect the residents of Kotzebue and the NANA Region.

After an initial warning, the next violation of the Face Mask Mandate in Emergency Regulation No. 8 shall result in a \$100.00 fine. A second violation shall be subject to a \$200.00 fine. A \$300.00 fine shall be assessed for a third violation and each one thereafter.

An individual cited and fined for a violation of the City's Face Mask Mandate in Emergency Regulation No. 8 may file an appeal with the Chief of Police or his designee no later than the 15th day following the date of the citation. Failure to file an appeal within that period of time constitutes a waiver of the right to appeal the citation and amount of the fine and is a waiver of the right to appeal the citation to the City

[Effective: Saturday, November 6, 2021]

Manager or to appeal or otherwise challenge, the citation and fine in any judicial or other proceeding.

The individual appealing has the burden of proof and the Chief of Police shall determine whether or not the individual appealing has shown no violation of the Face Mask Mandate in Emergency Regulation No. 8 by a preponderance of the evidence. The individual cited for violating the Face Mask Mandate in Emergency Regulation No. 8 may also show that the amount of the fine would create an extreme hardship, in which case the Chief of Police may waive payment of part, or all, of the amount of the fine.

An individual who is dissatisfied with the decision of the Chief of Police may file a written appeal with the City Manager or his designee within 10 days of the decision of the Chief of Police or his designee provided, however, that the amount of fine determined to be due by the Chief of Police or his designee must be paid prior to filing an appeal with the City Manager or his designee. If the amount of fine upheld by the Chief of Police or his designee is not paid before the filing of an appeal to the City Manager or his designee, the appeal may be denied by the City Manager or his designee on that basis.

The City Manager or his designee may uphold the decision of the Chief of Police, modify it or reverse it as deemed appropriate. If the decision of the Chief of Police is modified or reversed, the amount of fine paid may be refunded accordingly.

The Chief of Police or his designee and City Manager or his designee are each authorized and empowered to individually administer any oath necessary for the purpose of administering and enforcing the provisions of the Emergency Regulation and Administrative Procedure.
