INTRODUCTION OF ORDINANCES

1. **Ordinance 17-01** an ordinance of the Northwest Arctic Borough Assembly amending Chapter 6.16 to provide for additional guidelines for Borough credit cards usage and for related purposes.

Mayor Richards reported that he does not approve of passing this ordinance. He commented that administration has always kept accountability with usage of the credit cards. He strongly opposes this ordinance.

Member Weisner commented that the reason for this ordinance was to provide the appropriate oversight by the assembly to make sure we have the trust of the public when it comes to spending their money. The assembly’s responsibility is to provide oversight over the borough’s finances; and Ordinances 17-01 and 17-02 are two ways greater oversight can begin.

Member Carr commented that she is in support of this ordinance.

Member Loon commented about the proper usage of borough credit card in case a flight is missed. She also commented about meals and the way the business credit card should be used.

Mayor Richards commented that the assembly is doing good with turning in their receipts for usage of their credit cards.

Madam Chair Nelson reported she is in support of policing ourselves and anything we spend is public information.

Mayor Richards does not recommend due pass. By full concurrence of the committee, Ordinance 17-01 was approved for passage for first reading by the full assembly.
2. **Ordinance 17-02** an ordinance of the Northwest Arctic Borough Assembly amending Chapter 6.12 of the Borough Code to provide for additional oversight for contract approval and execution.

Member Weisner reported this is a result of assembly oversight on spending and to provide adequate oversight on daisy chain contracts. He added that the Seattle retreat appeared to be a very expensive trip and this ordinance is the Assembly doing something about unrestrained spending, given the financial climate at this time.

Mr. Mead gave a brief breakdown on the history of prior ordinances similar to this procurement ordinance.

Madam Chair Nelson expressed her support always of a conservative budget that was realistic and to date we do not have one. She advised to possibly have a budget work session meeting to discuss the details of our budget.

Member Lincoln commented that we need to make an effort in regards to our financial situation. She added that at time she will be supporting this ordinance.

Member Ballot commented that approving this ordinance will show that we are taking care of our organization and proving we are accountable.

Mayor Richards recommended not to pass Ordinance 17-02 for first reading.

By full concurrence of the committee, Ordinance 17-02 was recommended for passage and approval for first reading by the full assembly.

**RESOLUTIONS**

1. **Resolution 17-05** a resolution of the Northwest Arctic Borough Assembly approving a professional services agreement with Qairrun, LLC for Human Resources Services and for related purposes.

Member Carr recommended that we consider future hire within our borough versus outside hire.

Mayor Richards recommend due pass and Mr. Mead commented it is important we have a dedicated Human Resources function. By full concurrence of the committee, Resolution 17-05 was not recommended for passage by the full assembly.

2. **Resolution 17-06** a resolution of the Northwest Arctic Borough Assembly approving a professional services agreement with Goldeneye Media Alaska.

Member Weisner commented that the contract amount concerns him because our borough has charitable organizations such as the Nikaitchuat Immersion School, Chukchi College, Boys and Girls Club that we can consider to assist monetarily. He
expressed his concern that this contract does not make sense now during this time of our budget constraints.

Madam Chair Nelson asked how much we have paid Golden Eye Media to date since we have been in the 2017 budget year since July.

Member Hadley commented that it is good to get the message out with a picture.

Mayor Richards recommend due pass. By full concurrence of the committee, Resolution 17-06 was approved for passage by the full assembly.
