Northwest Arctic Borough  
Village Improvement Commission:

Aarigaa Taikuulapiaq to the Village Improvement Commission for supporting worthy projects in Northwest Alaska that improve our Communities. Please accept this as a support letter for OTZ Telephone for purchasing a backhoe.

One of the critical needs for the village of Kotzebue is to assist with grave digging and cross making which unfortunately is a constant need. OTZ Telephone has responded to this critical need by providing use of their backhoe to assist with grave digging, regardless of origin of the deceased. In the past year, they have assisted with approximately 20 graves. This number would have been higher if there was direct access to the burial site with the backhoe. If a backhoe is unavailable, volunteers use generator-powered jackhammers and shovels to dig graves, which is especially challenging during the winter.

It is imperative that organizations use their time and resources to assist with community services and OTZ Telephone has, and continue to do their part to support not only Kotzebue but also their entire service area.

Quyannaqpak to Kelly Williams, OTZ Telephone CEO who support staff Harold Lambert, Donnie Smith and Adam Greene to do this critical work.

With Respect,

Siikauraq Whiting  
Executive Director
