

Work as a UTILITY OPERATIONS SPECIALIST in Kotzebue!

Water tank in Deering with mural artwork completed through the National Tribal Water Center's Water is Life project

Join ANTHC, the Northwest Arctic Borough and Maniilaq Association in keeping water flowing to our communities

ANTHC is seeking a Utility Operations Specialist II to provide assistance to water/sewer operators in the villages of the Northwest Arctic Borough with the Community Utility Assistance Program. This assistance will include onsite training and repairs, scheduling of offsite training, and tracking of operator labor duties and hours. This position will be based in Kotzebue and require frequent travel to villages in the region.

For a complete job description and to apply, visit anthc.org/careers and click on "Skilled/Support Services" or search for Utility Operations Specialist II, job code 80321. If you have questions, please email careers@anthc.org or call (907) 729-1301.

Candidates will have:

- Knowledge of drinking water and wastewater systems
- A high school diploma or GED equivalent
- An Alaska driver's license with a clean driving record
- Willingness to travel to remote locations in the Northwest Arctic Borough
